## EXPLANATORY.

The owner of the Smith Cabinet, fearing that a six days continuous coin sale would prove tedious and otherwise inconvenient to many buyers, concluded to divide his extensive collection, and make at proper intervals two sales of three days each ; and in adopting this plan, we would state, that our object has been to give as varied a character to each sale as possible ; hence we have selected for each day a good portion of the choice pieces in each series to interlard the great quantity and variety of those pieces not generally so highly valued. In pursuing the above course, we have sacrificed, in a measure, system to convenience. A package of catalogues of Part I, has been expressed to each Coin Dealer in the U. S. and Canada, and a large number of single copies mailed to Collectors, whose names are upon our books to date. In case any dealer should require a further supply of catalogues, or if any omissions have occurred, immediate notice to the undersigned will supply the deficiency. All coins, medals, &c., in both sales, are guaranteed genuine, unless otherwise described. Attention is solicited to the grand opportunity, afforded by the two sales, to secure bargains among the lots offered in various portions of the catalogue. Collectors of foreign silver and copper coins, medals, &c., will find much of interest under these headings, while collectors of Business Cards, Politicals, American Medals, &c., will find a rich field to help out their series. The rare and fine American pieces in the catalogues speak for themselves, and a number will command unusual attention for rarity and condition. Catalogues of Part II will be distributed early in September, the sale to occur October 19, 20, 21. Early notice is desired from Coin Dealers of the number of catalogues required. Vol. II, No. 2, of our *Coin Collectors' Herald*, (out in Aug.) will contain some particulars of the Second Sale.
